The stud fee is \$2200. A non-refundable deposit of \$1100 is due at the time of breeding. The remaining \$1100 is due to the Stud Owners within fourteen (14) days of date of whelping. The Bitch Owner(s) shall pay costs of transport of the stud dog for semen collection, semen collection fees and shipping fees for breedings employing fresh-chilled semen. Cost of transportation of the stud dog to semen collection site and veterinarian charges for collecting the stud dog and preparing and shipping fresh-chilled semen are determined per occurrence and paid by credit card before collection and shipping of semen. Stud Owners recommend progesterone testing for optimal natural breeding results.

BITCH OWNER AGREES TO:

The owner of the bitch shall provide accurate documentation of the following items to the stud owners before a breeding or release of semen will be allowed by the Stud Owners.

1. A copy of, or access to, a three-generation pedigree of the bitch.
2. A copy of any and all health clearances of the bitch.
3. Provide documentation of current annual vaccinations, including Bordetella (kennel cough), current Rabies and a clear Brucellosis test within 30 days of breeding.
4. Documentation that the bitch is brucellosis clear/negative within 30 days of date of natural matings or inseminations using fresh-semen in presence of stud dog.

5. Notify Stud Owners no later than 70 days after mating if no pregnancy results from the mating. Failure to do so will result in no return service being provided.
6. Agrees to not knowingly sell or transfer puppies whelped as a result of this mating to any person or firm connected with the business of resale or wholesale of dogs.

NATURAL/LIVE BREEDINGS:

1. There is a \$30/ night boarding fee for bitches boarding with the stud owner during breeding. The Stud Owners agree to take normal adequate care of the Bitch while in their care.
2. Stud Owners reserve the right to perform side-by-side artificial inseminations should the bitch be aggressive or unable to naturally tie. The Bitch Owner(s) will be contacted for discussion and approval of Artificial Insemination. The Artificial Insemination Fee, if done by the Stud Owners in-house, is \$95. If the Bitch Owner(s) prefers the Artificial Insemination to be done by Stud Owners' veterinarian, the cost for the transport by the Stud Owners is \$95. Collection and cost of procedure is the financial responsibility of the Bitch Owner(s) and is payable to the Stud Owners' veterinarian.
3. One tie constitutes a breeding but an additional tie can be facilitated for non-boarded breedings. If the bitch is boarded with the stud owner, multiple ties will be attempted.
4. Costs of shipping, transport and airport service fees are the sole responsibility of the Owner(s) of the Bitch.

FRESH-CHILLED BREEDINGS:

1. The Shipping/collection cost is due to the Stud Owner's vet before shipment of sperm.
2. The cost of collection and shipping of the fresh-chilled sperm by the Stud Owner's Vet is the sole responsibility of the Bitch's Owner(s).
3. The cost of shipping includes one breeding, but an additional shipment of a second breeding (in the same heat cycle to the same female) can be done with an additional collection/shipping fee.
4. The Bitch Owner(s) agrees to perform an adequate number of progesterone/LH tests to ensure optimal insemination time. They will keep the stud owner up to date on levels and make them aware of LH surge or ovulation and when sperm should be sent.

FROZEN BREEDINGS:

1. The shipping fee is due to the Stud Owner's vet before shipment of sperm.
2. The Bitch Owner(s) agrees to perform an adequate number of progesterone/LH tests to ensure optimal insemination time. They will keep the stud owner up to date on levels and make them aware of LH surge or ovulation and when sperm should be sent.

OTHER CONDITIONS:

1. One puppy born alive constitutes a litter. If the Bitch does not conceive from this mating, a return service will be provided to this same Bitch on her next heat or within one year, provided all conditions of this contract have been met. Fresh-chilled or frozen breedings require additional collection/shipping fees.
2. If the Bitch fails to conceive on the return service, this contract is terminated and the stud fee is non-refundable.
