Breeder's Guarantee:

The Dog is eligible for registration with the American Kennel Club (AKC) as a purebred Pembroke Welsh Corgi under a Limited Registration. Limited AKC registration means that your dog is AKC registered, but any progeny they produce are not eligible for registration.

The Dog has been seen by the breeder's veterinarian on the following dates:

The Breeder warrants that the dog has been dewormed and vaccinated in accordance to its age. It is very important that you continue the vaccinations and deworming. Deworming is a part of dog ownership, and it is expected of the Buyer to continue with the deworming protocols set by the Breeder. Do not expose your dog to other dogs that are not vaccinated until he/she has completed the entire vaccination schedule. The Buyer will have the dog examined by a veterinarian within 3 days of delivery. Should the Buyer's veterinarian determine the dog to be ill or for any other reason the dog is unacceptable, the Buyer may return the dog for a full refund during the 3-day period, provided the dog is returned in the same condition as at the time of delivery. In case of death, an autopsy must be obtained at the Buyer's expense within 24 hours of the death to determine the cause. Injury and environmental conditions are not covered by this agreement.

The breeder additionally guarantees that the dog will be free of genetic defects for 4 years from the birth date of the puppy that could be deemed as life-threatening or would affect the quality of life that the dog would otherwise live. The Buyer will, upon request, provide the breeder with all relevant medical tests done on the dog.
